

The League of Veteran Racing Cyclists

**2015 Handbook
& Calendar of Events**

The League of Veteran Racing Cyclists

Founded by Percy Stallard and Eddie Cook in 1986

Objective of the LVRC

The provision of a programme of competitive and social cycling events for male and female members of 40 years of age and over.

Statement of Policy

The League of Veteran Racing Cyclists came into being to provide male and female members of 40 and over with competitive and social events, competition being in the form of age-related road races where riders compete against others in their own age groups.

Competitors in LVRC events must be members. The subscription provides membership from 1st September of any one year until 31st December of the following year. Each member is covered for third party insurance while riding in LVRC events and social activities of up to £10,000,000 indemnity.

There is no duplication with other cycling organisations so our members are free to join any other body as they wish. They can also be amateur or professional.

The LVRC is administered by an Executive Committee elected annually at the AGM which takes place in October each year. The Executive Committee has the power to take decisions on behalf of the LVRC and may make or modify any regulations if this is considered necessary. However, such decisions may be overridden by the next AGM or by a SGM called for the purpose.

Each region of the LVRC is administered by a regional committee. Members are always encouraged to put forward suggestions for the improvement of the LVRC and its regulations and any such suggestions should be sent to the Chairman for consideration by the Executive Committee.

We look forward to welcoming to our ranks all those interested in age-related racing.

**The 2015 AGM will be 27th
September following the Time
Trial Championships at Napton
Victory Hall, Warwickshire CV47 8LT**

Rules of Racing

RACE CALENDAR

1. Approval for a race date shall be obtained from the appropriate Regional Event Co-ordinator. Each Regions applications shall be sent to the National Events Co-ordinator no later than the last week of December accompanied by a payment of £20 per event for inclusion in the National Handbook Calendar of Events and for race Insurance.

POLICE PERMISSION

2. The responsibility for making a race application to the appropriate police authority lies with the race promoter or promoting organisation and shall be made directly by the race organiser.

3. Applications using the appropriate LVRC forms must be made to all police authorities through whose area the race runs, at least six weeks in advance, giving details of course, date, starting time, etc. Copies of the police approval documents and race programme shall be sent to the respective Police Headquarters and local police at least seven days before the event.

HIGHWAYS REGULATIONS

4. All events on the public highway must be held in accordance with The Cycle Racing on Highways Regulations 1960 (and 1980 and 1995 Amendment Regulations).

5. All courses or circuits must be approved by the police.

LVRC RACE LICENCE/MEMBERSHIP

6. All British riders in an LVRC event must be members of the LVRC at the time of entering and riding an event. LVRC Racing Licences must be produced by all British entrants at the time of signing on to obtain a race number which must then be worn on the race jersey for the duration of the event.

RESULTS

7. Result sheets must be sent to the Webmaster and to all who supply a stamped addressed envelope for that purpose.

LVRC TROPHIES

8. LVRC championship trophies are perpetual and remain the property of the LVRC. Members are responsible for arranging the return of any trophy won by them to the LVRC Quartermaster before the next year's running of the event concerned.

EVENT PRIZES

9. LVRC policy is that all income from event entries, less levies and expenses, should be distributed as prizes. As a minimum, prizes must be given to the first three in each age category, the only exception being a handicap race and where there are less than 5 riders in an age category. Where race finances allow the first three in each race should also be recognised. When riders choose to ride in a younger age group they should be eligible for prizes providing an entry fee has been paid for that race.

RACE FINANCE

10. A Balance Sheet, together with any profit from the event, shall be sent to the Regional Treasurer as soon as possible after the event.

AGE CATEGORIES

11 (a). LVRC categories are designated as follows: A, 40-44; B, 45-49; C, 50-54; D, 55-59; E, 60-64; F, 65-69; G, 70-74; H, 75-79; I, 80-84, J, 85-89; K, 90-94; L, 95-99. Members will change **appropriate birthday** and when entering races must quote the age category that they will be in on the day of the race.

11 (b). Lady members will normally ride in the category appropriate to a man 10 years older (i.e. 2 groups higher), including championship races.

12. All members are encouraged to ride in a category in which they feel comfortable. Therefore those who wish to do so because of varying ability may at any time enter to ride with a different age category (except in the case of Championship events and the National Series). Riders competing in an older category shall not be eligible for a prize.

13. Championship races will be run for each category and medals, provided by the LVRC, will be awarded to the first three in each category, together with the LVRC championship jersey to the winner of each category. All categories shall race in separate events, except where the number of riders is less than 10 and does not justify it.

14. Where race finances allow recognition should be given to the first three in each age group and the first three in each race.

15. The age and/or category entered for each rider must appear on the start sheet and on the signing-on sheet.

VEHICLE WARNING SIGNS

16. Official vehicles required at all events on public roads are: lead vehicle, which must carry signs stating 'CARE CYCLE RACE APPROACHING'; a Race Controllers vehicle and a vehicle carrying a race official and a first aid attendant. All vehicles must carry a LVRC 'CYCLE RACE OFFICIAL' sign and a rear pointing sign stating 'CAUTION CYCLE RACE IN PROGRESS'.

SIGNING ON SHEETS AND LVRC LEVY

17. LVRC signing-on sheets must be completed in duplicate. The organiser must hand the bottom copy to the Chief Judge at least ten minutes before the start of the event. The top copy, together with 50p LVRC levy for every listed rider, must be sent to the Regional Treasurer, **as soon as possible after the event**, for retaining for the legal time requirement of six years.

18. All competitors must leave their current LVRC racing licence with the signing-on controller and sign on before receiving a race number. Licences will be returned to competitors when their race numbers are handed in after the finish of the event.

PROTECTIVE HEADGEAR

19. The wearing of hard-shell helmets is mandatory in all events held under LVRC events. **This must be stated in all LVRC programmes.**

20. **Tri-bars.** Tri-bars and Spinaci-type bars are not allowed in LVRC road races or stage races.

ENTRIES TO EVENTS

21. All Race entry fees will be at the discretion of the organiser with a maximum of £15 per race. The only variation to this will be where third party owned circuits need to be hired and then the entry fee will reflect the cost of hire of the circuit. Stage race entry fees should be not greater than the number of stages multiplied by the maximum fee of £15 per race.

22. The closing date for all entries shall be three weeks before the date of the event. Entries accepted for all events shall be at the discretion of the organiser. Until further notice all rider entries for G, H and I categories received by the closing date must be accepted.

23. When RiderHQ is being used as the preferred race entry methodology entries will not be accepted until eight weeks prior to the date of the race. Withdrawals after entry received will not be entitled to refund of the entry fee. Postal entries received up to eight weeks prior to the race will be given the same priority as RiderHQ entries once the race is opened for entries.

24. All paper, post, based entries must include a self-stamped addressed envelope for a start sheet if no email address is provided.

ENTRIES ON THE DAY

25. Entries on the Day shall subject to organiser's discretion but will usually be 50% more than entries in advance. They can only be accepted if a full field of riders has not signed on. This will not apply to events advertised as 'EOD accepted' or 'EOD only'. All entries on the line will always be subject to the following conditions:

- A. Existing members must fully complete an LVRC Standard Entry Form before being allowed to sign on.
- B. Non-members must complete both the LVRC Membership Application Form and the standard race entry form. They pay the membership fee current at the time, before being allowed to sign on.
- C. Foreign riders who permanently reside outside the UK will be granted free day membership on completion of the LVRC Membership Application Form. Organisers please mark form 'Foreign Rider' before sending it to the National Registrar. They must also complete the standard race entry form and pay double the standard race entry fee before being allowed to sign on, except

for overseas riders with ICF licences who will pay only the standard entry fee.

- D. As soon as possible after the event the Organiser must send all new LVRC Membership Application Forms and fees to the relevant Regional Registrar.

SUSPENSION FOLLOWING POSITIVE DRUGS TEST

26. A rider suspended by another cycling governing body as a result of a positive drug test is barred from competing in LVRC events during the period of his/her suspension.

ABUSE

27. Upon receipt of a complaint against a member competing in an LVRC event who allegedly verbally or physically abuses others the organiser will in the first instance attempt to resolve the situation immediately. If this is unsuccessful the complaint will be referred to the member's home region and be subject to an immediate investigation and suitable sanction where appropriate imposed by the member's Regional Executive. Should this sanction be challenged or ignored by the member under investigation then a request for further action will be passed to the LVRC National Executive by the region within 30 days of the alleged abuse for consideration and any further action or sanction that is deemed to be appropriate.

28. – In events with multiple races for different age groups, when a slower race is caught and passed by a faster race the slower race shall allow the faster race to establish itself separately in front of the slower race. It is not permitted for riders from the slower race to gain advantage by joining the faster moving race. This applies equally to breaks and lone riders.

If a break from an older race catches groups of riders from a younger race the caught riders may not join in or contribute in any way to the break or do anything else that affects the course of that race.

Recommendations for Events

EVENT ORGANISATION AND SAFETY MANUAL

The manual will be issued to each event organiser by the Regional Event Co-ordinator. It is also available to download from the LVRC web site.

The Manual has 5 Sections:-

1. Guidelines for Race Organisers

Covers all aspects of road race organisation from initial application to final presentation of accounts

2. Risk Assessments

All you need to know about completion of risk assessments including generic and specific examples

3. Police Notification

Examples of and recommendations for event approval

4. Cycle Race Regulations

The Cycle Racing on the Highways Regulations, 1960 (and 1980 and 1995 amendments)

5. Race Organisation and Safety Forms

All the forms needed for LVRC events.

Guidelines for Safer Racing

1. Hold the same line as other riders in the bunch, especially on bends.
2. If needing to move to the left or right, advise other riders of your intention.
3. Do not move up on the inside of corners.
4. Do not switch direction when sprinting before checking that other riders will not be impeded.
5. Only overtake other riders where there is sufficient room to do so without forcing them to change direction.
6. Shout warnings of hazards such as potholes or obstructions to following riders.
7. Avoid physical contact with other riders.
8. Keep both hands on the bars at all times when riding in close formation in a fast moving bunch.
9. In the event of a puncture, put one hand up, keep a straight line and allow other riders to pass safely. Do not brake sharply.
10. If deciding to pull out of the line, signal your intention and do not brake or swerve into the path of following riders.

www.waod.be

New for 2015

UCI World Cycling Tour

The idea behind WCT is to have an "amateur world champion" There are qualifying rounds held throughout the world and qualifiers contest the world championship for their age group.

The qualifying events are Sportives, but in fact are mass participation races No qualifying events in UK as Sportives here are non competitive, except there is a qualifying event for the time trial only

Peterborough 6/7 Jun.

European qualifying events:-

St Tropez 12Apr.

Copenhagen 14/16 May.

Skyros 22/24 May.

Ljubljana 12/14 Jul.

Trento 17/19 Jul.

St Joaan 22/24 Aug.

Final Aalborg Denmark 3/6 Sep.

Day licences available for qualifying events. UCI (BC) licence required for final.

Full details www.uciworldcyclingtour.com

European Masters Games.
